## Mango Languages at the Stanislaus County Library

The Stanislaus County Library will now offer Mango Languages, an online language learning tool with lessons on over 60 languages, including English as a second language. Stanislaus County Library customers can access the program through the library's website: www.stanislauslibrary.org. Once an account has been created, library customers may also access Mango through the Mango Languages for Libraries app, free to download for iPhones and Android phones. This language learning resource is a free and convenient way to learn a new language at home or on the go! More information regarding this free service is available online at www.stanislauslibrary.org and at your local Stanislaus County Library branch.
